

Bilderberg Business®

Bilderberg is going one step further in organising a business meeting. With our new business concept “Bilderberg Business” we take care of a good balance between exercise, food & drinks and relaxation.

Maître B’

The Maître B’ personally takes care of your meeting and all your wishes. He or she delivers a perfect organization of your meeting and on-top service. In our hotel the Maitre B’ is always present and available for you.

Culinary & Healthy

Every moment of the day you can enjoy a nice meal in our familiar restaurant ‘De Kersentuin’. Our dishes are healthy, homemade and biological. A meal is the perfect moment to regain energy or to finish the day.

Fit

Some other descriptions of the word ‘fit’ are ‘good condition of body and soul’, ‘energetic’ and ‘healthy’. We are convinced this is an important part of the meeting and therefore we offer our guests ‘Bilderberg Fit Breaks’ guided by professional trainers. The FIT breaks can be arranged at each location of Bilderberg. It gives the participants a positive effect so they can rejoin the meeting full of new energy.

Locations

The locations of our hotels are unique. In the city centre or in the middle of the forests. Close by main roads and with good access to public transport. Castles, mansions or modern city offices; all our hotels are characteristic and have their own history.

We have selected the following location for you:

Food & Drinks

An important distinction between Bilderberg and the other marked is our passion for food & drinks. All the knowledge about this subject we gained over the passed few years, are contained in our breakfast, lunch and dinner concepts.

The Bilderberg Breakfast®

The Bilderberg breakfast takes care of a healthy start of the day. Several dishes are served such as home made bread, biological yoghurt, natural fruit juices, fresh fruit and home made marmalade. All the products we are using were chosen with care of the human being, animal and surroundings.

The Bilderberg Lunch®

During lunch it is time to relax and to gain new energy for continuing your business meeting. Therefore the lunch has been based on the energy need of the human being. All the products are lightly digestible, home made, fresh and local. Of course the typical Dutch flavours are not to be missed. We are serving lunch the way it suppose to be: a light and culinary experience.

The Bilderberg Break®

-  An energetic and healthy snack. To give you just a little bit of extra power you need to continue the meeting until dinner. We are serving the Bilderberg break with home made ice tea with herbs extracts and powerful bouillons.
-  Besides the Bilderberg Break we can arrange any other type of break during your meeting. For example a 'Bilderberg sweet break' in the morning or a 'Bilderberg savoury break' in the afternoon.
-  An active break creates new energy for the rest of the day. Participants will be more alert, more creative and more efficient. A Fit break can be arranged on each moment of the day. Guests can choose between Zumba, Running, Yoga, Bootcamp or Pilates. A Fit break is already possible in 50 minutes.
