Belbo Terrenal is all about Mediterranean, lavender and olive trees. About orchards. About the countryside. A green heart between buildings, with over 2.850 square meters of terraces and a chic interior design consisting on multiple plants and fruit trees.

Belbo Fasto is all about fun and party. About traditional Italian gastronomy within an urban and sophisticated context. Milanese risotto with golden ossobuco, sirloin carpaccio, figs and foie or a carbonara in a wheel of pecorino cheese, are some of its flagship dishes.

With an amazing terrace in the backyard, **Belbo Luma** is a magical place with bougainvillea hanging from the ceiling. A perfect tribute to the Mediterranean origins of the art of distillation.

The 8th floor hides the hotel's best kept secret. With spectacular views of Plaça Catalunya and Barcelona's iconic skyline, our **Rooftop Bar** is the place where everything happens; a social hotspot designed to enjoy a sunset, the most popular DJ sets in the city, a great choice of drinks and cocktails and the finest gastronomy.
